My story and why I need a sponsor.	I work so hard in other people's garden and also hire land to dig and get food to sustain my children but am unable since people no longer hire their land. I live with my grandchildren and I can no longer afford to support them because I fell down and injured my knee and also hypertensive it's hard to get medical care.	
How am I cared for today?	Dig for others and hiring land to plant food for consumption	
Details of my health.	Known Hypertensive, ulcers and knee pain
